Professional Summary

Artificial Intelligence and Machine Learning undergraduate and Web Developer Intern with hands-on experience building full-stack web applications, REST APIs, AI-powered systems, and data-driven platforms using JavaScript, TypeScript, React, Next.js, Python, and FastAPI. Experienced in developing responsive interfaces, backend services, database-driven applications, authentication workflows, API integrations, and production deployments, with a strong foundation in software engineering, modern web development, and problem-solving.

Technical Skills

Languages: Python, JavaScript, TypeScript, SQL, C++

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, FastAPI, REST APIs, JWT, OpenAPI

Databases: MongoDB, PostgreSQL, MySQL, SQLite, Qdrant

AI & Data: Pandas, NumPy, RAG, LLM Integration, AI Agents, Hugging Face, Sentence Transformers

Tools & Deployment: Git, GitHub, Postman, Docker, Vercel, Render

Core CS: Data Structures & Algorithms, DBMS, OOP, Operating Systems, Computer Networks

Professional Experience

Web Developer Intern — Zidio Development

Sep 2026 – Present

- Develop and maintain frontend and backend features, build responsive web interfaces, integrate REST APIs, and collaborate on UI/UX implementation using modern development practices.
- Debug application issues, participate in code reviews, maintain technical documentation, and contribute to Agile development workflows while improving application reliability and usability.

Projects

DecisionLens — Enterprise Decision Intelligence Platform [Repo](#) | [Live](#)

2026

- Built a full-stack enterprise analytics platform that transforms large-scale business data into KPI dashboards, sales trends, forecasting insights, and anomaly detection for data-driven decision-making.
- Engineered FastAPI-based analytics pipelines using Pandas and SQL, integrating PostgreSQL and MongoDB to transform raw business data into reliable KPIs, trends, and actionable insights delivered through a responsive Next.js dashboard.
- Tech Stack:** Python, FastAPI, Pandas, SQL, PostgreSQL, MongoDB, Next.js, React, TypeScript, Tailwind CSS, REST APIs.

RiskShield AI — Fraud Detection & Risk Intelligence Platform [Repo](#) | [Live](#)

2026

- Building a full-stack AI-assisted risk intelligence platform that analyzes financial transaction data to identify anomalies, generate risk insights, and support automated fraud investigation workflows.
- Developing modular backend services and AI-assisted workflows for secure transaction processing, explainable risk assessment, and reduced manual review effort.
- Tech Stack:** Python, FastAPI, SQL, MongoDB, JWT, REST APIs, LLM Integration, Prompt Engineering, Next.js, React, Tailwind CSS.

CampusAgent AI — AI-Powered Student Productivity Platform [Repo](#) | [Live](#)

2025

- Built a full-stack AI-powered productivity platform that automates document processing, knowledge retrieval, study planning, task management, and AI-assisted academic workflows.
- Implemented a RAG pipeline using semantic search, embeddings, Qdrant, and LLM workflows to generate context-aware responses from uploaded academic documents.
- Tech Stack:** Python, FastAPI, Next.js, React, TypeScript, Tailwind CSS, MongoDB Atlas, JWT, Groq API, Hugging Face, Qdrant, RAG.

Education

Bachelor of Technology in Artificial Intelligence and Machine Learning

2023 – 2027

Allenhouse Institute of Technology

Certifications & Achievements

- Data Structures and Algorithms** — Training & Certification, Allenhouse Institute of Technology (2024).
- Full-Stack Web Development Bootcamp** — HTML5, CSS3, Modern JavaScript (2024).
- Technical Research Presentation:** Presented “Multi-Mode Charging Architecture: A Unified Power Bank and Charger Solution” at Allenhouse Institute of Technology.
- Hackathon Competitor:** AKTU AI Tech Confluence Hackathon (2025) & GUVI-Tech Lucknow Hackathon — built functional AI prototypes under 24-hour sprint constraints.

Leadership & Responsibilities

- Core Member — Institutional Events & Exhibitions:** Managed participant coordination, operational execution, and technical infrastructure for major institutional events including Tech Exhibitions, Freshers, and Annual Fests.
- Technical Operations Lead — International Conference & Workshops (2024):** Coordinated organizing teams for an international conference and led hands-on mathematical problem-solving workshops.
